**MEMORANDUM ENDORSED**

**Re: *United States v. Charles Brown*, 22 Cr. 543 (GHW)**

Dear Judge Woods:

The Government writes in connection with a violation report filed by the United States Probation Office of the Southern District of New York ("Probation") and dated July 13, 2023 (the "Violation Report"). The Violation Report alleges two specifications, the first of which concerns defendant Charles Brown's use of a controlled substance, to wit, cocaine, and the second of which concerns the defendant's failure to report to Probation for drug testing, as required by the conditions of his probation (together, the "Specifications").

On September 1, 2023, the defendant filed a letter in which the defendant, among other things: (i) requested that the Court modify the terms of the defendant's probation by extending his term of probation by nine months; and (ii) consented to the requested nine-month extension and waived his right to a hearing on the Specifications, pursuant to Federal Rule of Criminal Procedure 32.1(c)(2)(A). By order dated September 1, 2023, the Court granted the defendant's application; extended the defendant's term of probation by nine months; and adjourned *sine die* a hearing as to the Specifications scheduled for September 7, 2023. The Court also requested the Government's position as to whether the Specifications should be dismissed at this time.

The Government has no objection to the Specifications being dismissed without prejudice at this time. I have spoken with United States Probation Officer Ji'vonne Gilmore, who informed me that Probation also has no objection to the Specifications' dismissal without prejudice.

Application granted. The Specifications are dismissed without prejudice.

The Clerk of Court is directed to terminate the motion pending at Dkt. No. 8.

SO ORDERED.

Dated: September 1, 2023  
New York, New York

  
GREGORY H. WOODS
